While workmen were digging a trench for a sewer at Paducah they exhumed a rough coffin containing human bones, the remains of one of the cholera victims of 1875, it is believed.

The baby incubator establishment at Dreamland Coney Island, has received what is believed to be the smallest living baby ever born. The child weighed only 19 ounces and 15 grammes.

It is said that Paris girls are learning to chew gum. They doubtless caught the craze from the Courier-Journal's prize beauties when they were over there last year.—Frankfort Journal.

Judge McCall, of the United States Federal Court at Memphis, decided that the Federal grand jury which returned an indictment of 1,524 counts against the Standard Oil Company, was acting within its jurisdiction.

To stimulate the purchase and shipment of coal during the summer months when the greatest number of cars for this purpose are available, the Interstate Commerce Commission, at the request of the Union Pacific railroad and the Oregon Short Line, has especially authorized a reduction of 25 cents a ton on coal shipped to Washington, Idaho and Nevada between July 19 and September 1.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the 25 cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by all druggists.

A tornado and heavy rain did great damage in St. Joseph, Mo., and vicinity. Houses were wrecked, street railway tracks torn out and cellars flooded. Heavy rains caused the Missouri river at Kansas City to rise and the cellars in two dozen wholesale houses in the west bottoms were partly flooded.

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. G. L. Penny.

CHURCH MATTERS.

Southern Methodist preachers' average salary is \$630.

The Baptists of Paris will sell their old church building and erect a handsome new one.

Rev. B. A. Dawes, who has become pastor at Georgetown, will also fill the chair of the Bible in Georgetown College.

"Sunday-school Children's Day" and "World's Women's Christian Temperance Union Day," were observed at the Jamestown Exposition.

In six years the Southern Methodist preachers have increased from 11,444 to 11,838, a net gain of 394. Local preachers decreased 351.

A remarkable piece of penmanship is that of Mr. W. W. Stephenson in which he wrote the "Sermon on the Mount," three full chapters of the Bible, in a space 3x3 1-2 inches.—Harrodsburg Democrat.

If the church people of Nicholasville would refuse to patronize any business man who keeps open on Sunday, there would be no further trouble. That would mean losing the patronage of about 400 people. But there are lots of good people who lack courage in this respect.—Jessamine Journal.

Rev. J. D. R. Walsh, a prominent Methodist preacher, of Maysville, has instituted suit in the Monroe Circuit Court against the Evans, Kidwell & Conklin Livery Company, of Tompkinsville, for \$12,500 damages for the loss of a leg sustained in a runaway accident. The petitioner alleges that in August, 1906, he employed the defendants to drive him from Glasgow, and during the trip, the team became frightened and ran away, throwing him to the ground. His leg was broken and had to be amputated.

Was In Poor Health For Years.

Ira W. Kelley, of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians, without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of others." Refuse substitutes. G. L. Penny.

Low Bruce, a farmer of Mason county, who declined to join the Farmers' Union, is unable to get anybody to thresh his wheat and his entire crop may be ruined.

NEWS NOTES.

Jailer Planz, of Louisville, is trying to organize the jailers of the State.

Worn out by litigation and bankruptcy proceedings involving his personal integrity, which he styled persecution. Ernest Rehkopf died in Paducah of heart trouble, and his friends say his death was directly attributable to his financial reverses.

A threshing machine belonging to John Fields, at work on the farm of Dr. Word, in Christian county, was blown up with dynamite which had been concealed in a bundle of wheat. The tobacco war is held responsible for the affair, as both the owner of the machine and the man on whose place it was working are nonassociation farmers.

In the local option election in Harrison county the dries won by a majority of 1,600 and the Prohibition forces also carried the city of Cynthiana by a majority of 47. This was the second election held in Cynthiana within 60 days and had aroused much bitterness. The women played an important part in the election, being at the polls all day serving lunch.

The Charming Woman

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires: neatness, clear eyes, clean smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at Penny's Drug Store.

IN NEIGHBORING COUNTIES.

The Somerset Cornet Band is loud in praise of the treatment received while at Crab Orchard last week. They say the fair company was well pleased with the music they furnished.—Somerset Times.

Alfred Britton, a Nicholasville Negro, is organizing in Jessamine a union of Negro laborers, which he calls the United Order of Industry, with which he proposes to handle the hemp crop now nearly ready to harvest.

Petitioners' names sufficient to comply with the law were presented to the Pulaski county court asking the court to order an election on the question of voting \$200,000 of bonds, and the order was made for such an election at the next regular election in November.

He will soon give possession and go to another place. Sam sells out and moves every two years and keeps an auctioneer employed to cry sales at each removal. His Casey friends hope he will wander back to his native heath, where he could be contented and happy.—Liberty News.

Take the Postmaster's Word for It.

Mr. F. M. Hamilton, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. THE Texas Anti-pass law which has just gone into effect is a most stringent one, laying even the rate bill law in the shade. Any violation of it is punishable by a fine of \$5,000, to be levied against the corporation. Further, the person issuing the pass or express or telegraph frank is liable to a fine of \$500, or as high as \$3,000, and may also be sent to the penitentiary for six months to two years. Also any person not entitled to a pass who applies for one is subject to a fine of from \$500 to \$2,000.

You can't buy a razor in Washington without a license. Before the deadly instrument is delivered into your hands you've got to cross your heart and body and swear to everything in sight, that you are over 21, that you don't drink, smoke, say bad words, nor throw stones—that you are not in the habit of committing suicide, shooting craps, nor do you cherish any felonious designs against your neighbor. There are many unique laws in the District of Columbia, but this probably is the most unique.

A NEW ORLEANS mob which traveled to Hahnville, La., to lynch the suspected slayers of the Lamana boy, was made merry by a militiaman's request for a cigarette. This relieved the tension of an ugly situation, and at the threat of the soldier's commander to open fire all boarded a train homeward bound. This is the first instance on record where the deadly cigarette has helped men or matters.

It is refreshing to read that in some spot on this terrestrial sphere people are not melting from the terrific heat. A cable from Vienna says that a cold wave is prevailing in Austria-Hungary and that American visitors are detained by the snow and frost.

THE immigrant returns for the last fiscal year are all in, showing that the arrivals at all ports in the country were 1,285,240, an increase of six per cent. over all other yearly records.

POLITICAL.

A. E. Wilson, republican nominee for governor, will open his campaign at Maysville Aug. 19.

John C. Pirtle has been declared the democratic nominee for Representative from Hardin county.

The Somerset Journal says: "If Taft really runs, his picture on a campaign button will be the size of a dinner plate."

L. D. Lewis, of Hyden, was nominated by the republicans of the new 33rd district for circuit judge. His opponent was John C. Eversole, of Booneville.

Postmaster General Meyer has sent a warning to all postmasters against passing on the information to other officials when an inspector makes his visits.

Mottoes, framed and glazed, calling attention of police and firemen to the fact that the statutes forbid their active interest in politics, are to be hung in every engine house and police station in Louisville by order of the Board of Public Safety.

Mayor O'Brien, of Owensboro, detailed plain-clothes men to board steamers within the limits of that city to see if liquor was being sold. He ordered the Chief of Police to prevent the sale of liquor on excursion boats plying within the city limits.

Kentucky jailers are preparing to ask the next General Assembly to enact a law providing for the electrocution of condemned men in the penitentiary. There is an almost unanimous objection to the method of hanging doomed men in the various counties.

We want the main question put to Wilson and answered by that distinguished Republican: "Will you, in case you are elected Governor of Kentucky, pardon any man who has been convicted of the assassination of Gov. Goebel?" Dollars to doughnuts he will not answer this question. He will evade it as his party evaded the temperance question. Put it to him boys, some of you spell-binders. Let's see what he is made of. If he is a Kentuckian, as he claims, he will answer. —Campton Courier.

Thomas B. McPherson, of Omaha, was elected president of the National Livestock Exchange Association at Kansas City, to succeed James C. Swift.

A GLITTERING SUCCESS

Was The Lincoln County Fair Last Week.

From every standpoint the Lincoln County Fair was a success. As stated before, the show of stock was magnificent, the attendance was good and the order was perfect and in addition to this we are glad to state that the association made money. How much, we are not able to tell, but suffice it to say there will be a snug sum on the right side of the ledger when the affairs are wound up. It is the consensus of opinion that there was never a better show of stock at a country fair and certainly no one ever saw a similar exhibition better managed. It was absolutely free from gambling and drinking and if in some cases everybody did not agree with the judges in their decisions we are charitable enough to believe if the latter erred 'twas the head and not the heart. The officers and directors are deserving of unstinted praise on the splendid effort and we move that the present organization be made permanent and that next year the fair be held on an even larger scale. It would be hard to find better men than those now holding positions in the association and we insist that we keep them while we have them. Following are the awards of the last day:

The lie was passed between counsel for and against W. D. Haywood on trial at Boise, Idaho, during the argument by J. H. Hawley, of the prosecution. At one point during Hawley's speech, Clarence Darrow, counsel for the defense, interrupted Hawley with the charge that he had made a false statement. Hawley replied saying that Darrow had uttered a deliberate falsehood and as no fight followed we presume that each gentleman's charge of falsehood is true.

A Wonderful Happening.

Port Byron, N. Y., has witnessed one of the most remarkable cases of healing ever recorded. Amos F. King of that place says: "Bucklen's Arnica Salve cured a sore on my leg with which I had suffered over 80 years. I am now 85." Guaranteed to cure all sores, by Penny's Drug Store. 25c.

LOCALS.

FOR SALE.—22 acres timothy meadow. Mrs. Clifton Fowler, Stanford.

A THIEF entered Mr. W. H. Brady's residence one night during the fair and relieved that gentleman of \$65. His pants, in which the money was kept, were found in the yard next morning.

HIGGINS.—News comes from Somerset that Mr. Sam Higgins, aged about 50, died Friday night at that place of a complication of troubles. Mr. Higgins was a son of the late Jacob Higgins and some 20 years ago married Miss Judith King, of the East End. Three children were born to bless their union—two girls and one son. Mr. Higgins was a splendid citizen and moved from this county to Somerset some 15 or more years ago. The burial occurred at Somerset Sunday afternoon. A loving wife and three children are left to mourn the loss of a kind husband and indulgent father.

WE are glad to state that the excellent work of building a chapel at Rowland is going on notwithstanding the opposition of some of our people to it. Mrs. L. M. Omer first organized a splendid Sunday school there and seeing the need of a little church, she began the big task of raising funds to build one. That she has succeeded is shown in the fact that the building is under construction. The Rowland people are delighted at the thought of having a church and many of the carpenters and other workmen there have pledged work on it. It will be a fitting monument to the good woman who has given so much of her time and work to missionary causes and all right-thinking people will not only feel grateful to her for her excellent work but will help her by word or deed complete the little church. It is a most laudable cause and if there are those who wish to give of their means toward it, Mrs. Omer will be glad to receive it and show them the good their money will do.

CRAB ORCHARD SPRINGS is enjoying one of the best seasons in the history of that delightful Summer resort. The register shows that there are guests there from many States and Manager J. B. Willis is making them all feel that it is good to be there.

PRESIDENT SAMUEL T. HARRIS is to be congratulated upon the excellent management of the fair. He worked in season and out to make the fair a success and we are glad to state that his efforts were not in vain. The association could not have chosen a better man to fill the president's chair than he. The vice presidents and directors did all within their power to make the fair a success and they deserve the plaudit from all: "Well done thou good and faithful servant."

SWELL FAIR HOP.—The Fair hop given at Walton's Opera House last Thursday evening by the Stanford Dance Club was certainly a swell one and was largely attended. The music was furnished by Storms' Orchestra and they never played better. The belles were all handsomely gowned and presented an appearance of beauty seldom equalled in Stanford. There were visitors here from all the surrounding towns and from quite a distance. When the dance ended in the wee sma' hours on Friday morning to the sweet strains of "Home, Sweet Home" by the excellent orchestra, the large crowd was reluctant to leave, but did so with the fond hope that they would all meet here again next year at the same place under the same circumstances. Those from a distance were: Misses Elizabeth Wall Allen, Millersburg; Susie Wilkerson, Temple, Texas; Mabel King, Shelbyville; M. Kay Salles, Harrodsburg; Elizabeth Jefferson, Louisville; Margaret and Joan Mount, Lancaster; Josephine Dunn, Danville; Edna Camnitz, Hustonville; Frances Sparks, Alza Thompson, Mt. Vernon; Olivia Baldwin, Richmond; Pearl Burnside, Columbus, Ga.; Virginia Shumate, Newburn, Tenn.

DELIGHTFUL AFFAIR.—On last Wednesday evening at the beautiful home of Mr. and Mrs. Walter S. Warren on East Main Street, Misses Emma Warren and Stella McClary entertained in honor of Miss Katherine Marguerite Warren, of Somerset. In the receiving line stood Misses Emma Warren, Stella McClary and Katherine Warren and the guests were most cordially received. At the frappe bowl Misses Maggie Stagg and Anna Warren presided with much grace and served the 125 or more guests beautifully with the delicious drink. Those who assisted the hostesses in entertaining were: Misses Blanche Van Deever, Sara Baughman, Addie McClary, Lucile and Mattie Menefee, Bessie Yantis, Peachie Baughman, Mattie McClary, Virginia Bourne, and to say that every guest present was delightfully entertained but feebly expresses it. The house was artistically decorated in pink and white and the spacious lawn was filled to overflowing with Japanese lanterns, chairs, settees, swings and tete-a-tete seats, tastily arranged so as to make the heart grow fonder and sweeter to those who had the pleasure of occupying them. At an appropriate hour the guests by coteries were served on the large veranda until the 125 or more had partaken of ices and cakes elegantly served by those who assisted in entertaining. When the time arrived for leaving, the guests repaired to the parlor where the hostesses were showered with congratulations and encomiums.

THE butter milk of the Stanford Creamery Co. will be sold Saturday, July 27. Those desiring to bid will see Secretary W. H. Shanks.

DOTY.—Mrs. Jesse Doty died at her home at Lancaster Sunday and was buried yesterday afternoon. She was 56 years old and leaves a husband and five children. Deceased was a sister of Mr. Joel J. Walker and was a most excellent woman.

THE Lyceum Comedy Co. closed its engagement here Saturday night and moved its big tent to Lancaster Sunday, where the company will show each night this week. This splendid theatrical organization did a good business here and should do likewise wherever it goes. It is composed of gentlemen and ladies well up in their lines and their show is strictly good and clean.

MISS BERTA JEAN PENNY was an easy winner in the popularity contest conducted during the fair. The prize was a beautiful gold watch. The other young ladies voted for were: Misses Mattie McClary, Josephine Brady, Tevis Carpenter, Emma Warren, Mary Phillips, Virginia Shumate, Sara Baughman, Virginia Mahony, Kate Pence, Clara Cooper, Virginia Bourne, Sue Taylor Engleman, Mrs. Susan Yeager and little Annette Wray.

SECRETARY JAMES F. CUMMINS was the right man in the right place at the fair. He is one of the best secretaries in the State, as well as one of the cleverest gentlemen. We hope he will be secretary as long as the association can get him to serve. Polite and accommodating he was ever ready to serve the association in any way that would add to the success of the fair and oblige a friend. He was ably assisted by Dr. T. W. Pennington, who was at all times at his post of duty and doing the right thing.

ATTENTION TURNPIKE CONTRACTORS!—Bear in mind that all stone must be put on the turnpikes before the 1st day of January, 1908, and all gravel must be put on, on or before the 15th day of October, 1907. The contractor stipulates in his bond to pay \$5 a day for each and every day after said dates he may have failed to comply with this stipulation of the bond as liquidated damages. Before beginning work each contractor will notify Samuel Dudderar, the supervisor, Gilberts Creek, Lincoln county, Ky., who will either in person measure your wagon beds and direct where the metal is to be spread or have one of his assistants there to measure the wagon beds and direct where the metal is to be put. R. C. Warren, Judge. June 25, 1907.

"KENTUCKY Democratic by 40,000 and Folk, of Missouri, as a possibility for the Democratic presidential nomination next year," are ideas advanced by Representative Harvey Helm. He is in Washington to attend to some departmental matters, and gave out the following interview: "I am certain that the Democratic ticket in Kentucky will win by a greatly increased majority," said Mr. Helm. "I do not see any chance for defeat, and on the contrary, see every indication of an old-time majority for the excellent ticket the Democrats of the State, have placed before the people. If it be true that recent developments have lost the ticket votes in Louisville, the Democracy has gained for one lost there, three in the State." "This is the day," added Mr. Helm, "for enforcement of the law, and the great majority of the people are for men with courage enough to stand for that slogan. If, Mr. Bryan does not nominate himself, the Democracy can hope for the nomination of a man of the type of Folk, of Missouri, the pioneer of the sentiment that is sweeping Kentucky and occupying the best thought and the best impulse of men in public life everywhere."

Long Live The King!

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass. says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by Penny's Drug Store. 50c and \$1. Trial bottle free.

James Hargis is a free man, with no murder charge pending against him in any court for the first time in four years. After Floyd Byrd, who has been the backbone of the prosecutions for the murders in Breathitt, had withdrawn from the case because, as he claims, he was forced into a trial without important witnesses, Judge Moody, at Sandy Hook, directed the jury to acquit Hargis of the murder of Dr. B. D. Cox, and Hargis left the courtroom surrounded by his friends. This was the last case against him, and ends the prosecution after four years of agitation.

Bad Burn Quickly Healed.

"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Mytton, 457 John St., Hamilton, Ontario. "My little daughter had a bad burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve allays the pain of a burn almost instantly. It is for sale by all druggists.

Thirty excursionists were killed and 100 were injured, many of them fatally, when a Pere Marquette excursion train of 11 coaches from Ionia, Mich., carrying nearly 1,000 employees of the Pere Marquette shops there and their families, was run into by a local freight train at Washburn crossing, about two miles east of Salem. The first three coaches in the long excursion train were telescoped and it was in the smoking car, which headed the train, that the greatest loss of life occurred. Three more cars after those which were telescoped were wrecked by the collision.

G. L. Penny extends a cordial invitation to any one suffering with catarrh to call and see Hy-o-mei. The complete outfit costs but \$1 and he will refund the money if Hy-o-mei does not cure.

The Doctor Away from Home when Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by all druggists.

The mangled body of Charles Embrey, a lumberman of Butler county, was found on the railroad track near Bowling Green, and a Coroner's jury, after an investigation, came to the conclusion that he had been knocked on the head by robbers and left on the track for a train to conceal the evidences of the crime.

Constipation.

For constipation there is nothing quite so nice as Chamberlain's Stomach and Liver Tablets. They always produce a pleasant movement of the bowels without any disagreeable effect. Price, 25 cents. Samples free. All druggists.

While running to catch a wild throw from the field, Harry Lee Johnson, aged eighteen years, catcher of the University club baseball team at St. Louis, tripped and fell, striking his head against a granite block at one side of the plate. He died a few minutes later from concussion of the brain.

At Beattyville the eleven-year-old daughter of Harvey Damerel, a coal miner, was shot in the face with a pistol by the 12-year-old daughter of N. B. Day. The Day girl was snapping the pistol believing it to be empty.

During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. G. L. Penny.
